NEW RESERVOIR MEANS SAVING OF $3000 YEAR

Councilman Replies To Letter Which Questioned Plan

More than $3000 a year will be saved to the city on water purchases through the construction of a new reservoir near the end of Roosevelt avenue.

This was the statement made Monday by Councilman Paul A. McCarthy in reply to a letter by John Harkness, which was published in the Drop Us a Line Column of The Tribune last Thursday. The letter stated that "instead of building more reservoirs we should buy more of the pure Hetch Hetchy water when it arrives," and suggested that water rates be reduced now instead of building up a surplus fund in the water department.

Councilman McCarthy's reply, in the form of a letter to The Tribune, follows:

"In Mr. John Harkness' letter published by you he questioned the propriety of the acquisition by Redwood City of a reservoir site on the Carson property west of the end of Vera avenue, and the construction of a reservoir of three and a half million gallon capacity, particularly in view of the early prospect of obtaining Hetch Hetchy water. In determining upon its policy, the city council did not overlook this.

"However, best authorities on the subject of water storage for municipalities have established that the minimum local storage capacity of a community should be a supply equal to at least the maximum consumption during any 24-hour period, plus a fire or conflagration supply of 1000 gallons a minute for ten hours. The Hetch Hetchy pipe line through our city does not change this rule, as such line is subject to interruption of service from physical injury, which is possible from a variety of causes. The remoteness of the ultimate source of Hetch Hetchy water makes adequate local storage all the more imperative. For Redwood City this minimum local storage at present would be at least two million gallons, plus 600,000 gallons. The present storage is 1,400,000 gallons, much below the minimum for safety.

"Since additional storage must therefore be provided, it was considered economical to provide one additional reservoir ample for all reasonable growth of the city for ten to twenty years, at least at the elevation of our other reservoirs, that is, 180 feet above sea level. It is cheaper to build such an oversize reservoir at once than to do what is barely necessary now and later try to increase the size of the reservoir or add others. With the new reservoir we will have a storage of five million gallons.

"While we continue to use the local supply of water supplemented in the summer months by the

W. J. DUSEL WILL BE MAYOR OF R. C.

Councilman Succeeds Daniel Stafford In Executive Post

Chosen unanimously by his colleagues, Councilman William J. Dusel, 340 Arlington road, became Redwood City's new mayor Monday night, succeeding Mayor Daniel R. Stafford. No other name was placed in nomination.

Councilman Henry Beeger, the second oldest member in point of service, nominated Mr. Dusel for the mayoralty. Councilman Charles G. Lambert seconded the nomination and Councilman Charles Hildebrant moved that nominations be closed.

Before permitting Mayor Stafford, who served the city as a councilman for six years, to retire, fellow colleagues individually spoke highly of the civic work he had done. Councilman Paul McCarthy characterized his passing from the board as a "distinct loss." Councilman Beeger, who served several terms as mayor, said no man ever gave that official post more time and energy than had Stafford. Councilman George McNulty spoke of the long list of acts which the mayor had performed for the best interests of the people, and said many had never come to the public's attention.

Councilmen Hildebrant, Dusel and Lambert spoke in similar vein

Mayor Thanks Board

Mayor Stafford thanked the board members for their kind words, and then recited some of the achievements of his term in office. He said, "It has always been a pleasure to have labored earnestly for Redwood City's advancement as a city and to have striven diligently in the interests of its people."

Following canvass of the vote, a motion was adopted showing the re-election of Councilmen McNulty, McCarthy and Lambert, and the election of Robert N. Jones. The final tabulation of vote was as follows:

McNulty	1366
Jones	1351
Lambert	1298
McCarthy	1223
Stafford	1111

A motion was also adopted showing defeat of the bonds, with the final count showing:

Yes—937; no—982.

The council then adjourned "sine die."

Jones New Councilman

City Clerk B. E. Myers then called the council to order. Mr. Jones took the seat of Mr. Stafford.

Mr. Jones received a hearty welcome from the council. "As a citizen," Councilman McCarthy said. "No one did more to help your district than you did." In reply Councilman Jones said, "I almost wished I hadn't been elected after hearing the tributes to Mr. Stafford. I will work not alone for my district, but for the city as a whole. I will strive to cut down the tax rate, but will not destroy the services the different departments must give."

With the new board seated, City Attorney Albert Mansfield administered the oath of office.

HEARINGS FOR SETBACK LINE AUTHORIZED

Many Other Matters Before Council

The city planning commission was authorized by the council Monday night to hold two public hearings on the question of establishing a 30-foot setback line on both sides of the Bayshore highway so that the state's and the San Mateo County Planning Commission's proposal to segregate through and local traffic can be carried out

Hugh Pomeroy, advisor to the county commission, spoke to the board on the subject. He was accompanied by Henry Witte, C. M Doxsee and John Gill, members of the city commission.

Harry Bourquin, seeking financial assistance from the council to keep up the baseball diamond at Sequoia, was assured that this matter would be taken up by the city unemployment committee, and that some of the $125 per month being paid by the Sequoia teachers will be used for this purpose.

Mrs. Dora Wilson, recording secretary of the Native Daughters of the Golden West, voiced that group's protest to the suggestion that tennis courts be built in California Square. She is to be informed that the council has no intention of building courts in that park.

Deed to the four-acre reservoir site on the W. W. Carson property was accepted by the board, and payment of $4169 for the site was approved.

An anti-weed ordinance was introduced and hearing set for May 2.

The board discussed but put over for further consideration a proposed uniform ordinance for installation of and types of gas appliances to prevent a disaster such as hit Berkeley.

Councilman McCarthy asked that some consideration be given to appropriating moneys to supervise recreation during the months of June, July and August.

City Manager Rolison was instructed to purchase $3,222.35 worth of cast iron pipe for connecting the proposed new reservoir to the city's system. This was $100 more than Belgian pipe, but the council voted in favor of American-made products because of the small difference.

A special meeting to consider the new wages which the city will pay was set for next Monday night, it being necessary to revise the present scale because of lower wages accepted by the building trades

Retiring Mayor Stafford resigned his post as chairman of the employment committee, but suggested that the council retain Elmer M. Rowland for the post of registrar. A new office for the employment committee must also be found, and the chamber of commerce offices were suggested.

INDIAN BEAUTY PORTRAYS ROLE

An American girl directly descended from a chieftain of an Illinois tribe, Miss Elizbeth Peery, above, will enact a leading part in the "Pageant of the San Joaquin" to be staged with a cast of 350 at the Lindsay-Strathmore Orange Blossom Festival next Saturday. She is shown here with Tom Sims of Lindsay, another pageant performer. Miss Peery's Indian name is Pah-Kon-dom. She was born in Indian Territory, now Oklahoma, the daughter of a half-Indian graduate of Notre Dame. Her great-grandfather was a chief known as "Baptiste-Peoria."

San Mateo County Supervisors Urge Immediate Construction Of S. F.-Santa Cruz Highway

With over $120,000 available for purchase of the right-of-way and start of construction on the Pedro mountain section of the Ocean Shore highway, the San Mateo County Board of Supervisors Monday urged immediate work on this project.

Directors of Joint Highway District No. 9 who have charge of this project, will be appealed to on the ground that it will relieve unemployment.

This action was urged by Fred H. Drake, president of the San Mateo County Chamber of Commerce, and was supported by the board of directors of the Redwood City Chamber of Commerce. A resolution to that effect was received by the board from Dr. William B. Langston, president of the Redwood City chamber.

"It is manifest," read the resolution, "that the development of the coastside both as a resort district and agriculturally is seriously hampered by the lack of adequate highway facilities."

Chairman Manuel Francis of Half Moon Bay, who is a director, said the San Mateo county board has made $72,000 available which now lies idle in the treasury, and that Santa Cruz has appropriated a large figure. The district treasury, too, Francis said, has $40,000 now available, and San Francisco is to vote its share, which is larger than both San Mateo and Santa Cruz's sums together.

Francis said that the work has been delayed because of a dispute between the directors as to whether to pay $100,000 as requested by the Ocean Shore railway interests, or the $90,000 which they believe is high enough. The railway interests will accept the money in four yearly payments of $25,000, so that nearly $100,000 would be available for actual highway work right now.

Upon motion of Supervisor T. L. Hickey, seconded by Supervisor John Poole, the board went on record as requesting the directors to start work at once. Copies of the letter to the directors will be sent to the San Francisco and Santa Cruz boards with the request that they make a similar appeal.

Propose "White Way"

The supervisors went on record in favor of making the Bayshore highway for its entire length in San Mateo county a "white way" in order to cut down the number of night accidents.

They will ask that the state maintain these lights at a cost of $45,000 per year from county line to county line, following a presentation of a report on the matter by James H. Perry.

He showed that 81 per cent of night accidents caused injuries, whereas only 35 per cent of the day crashes did. He said that 76 accidents occurred in 10 months between San Mateo and San Francisco and that there resulted an economic loss of $105,000 as a result.

The cost of installing the lights would be about $100,000 to $130,000, which would be borne by the power company.

On motion of Supervisor Rosalie Brown, seconded by Supervisor C. V. Thompson, the state was urged to install the lights.

Other Board Items

Burlingame's request for county funds in installing gates was denied.

The bid of George S. Scott to install sanitary closets in Memorial Park was accepted to cost $1,945.

Survey asked by three property owners of East Palo Alto to determine the width of Woodland avenue between Pope street and the line of North Palo Alto was granted.

Frank M. Lintner of Menlo Park asked to be appointed a state officer.

The Redwood City Chamber of Commerce endorsed the county beach movement.

Frank A. Powells of Colma was appointed without salary to act as a deputy agricultural commissioner to have charge of issuing certificates for fumigating potatoes.

BAYSHORE HIGHWAY TOLL INCREASED

BURLINGAME, April 21.—Claude W. Albertson, 54, Seattle marine engineer, was killed on the Bayshore highway north of here last night when struck down by the automobile of C. H. Van Zandt, 755 Paloma avenue, Burlingame, president of the California Dental Laboratory at 450 Sutter street, San Francisco.

State Traffic Officer Hanlon said he had been informed by another motorist, W. F. Kilcline of Burlingame, that he had stopped and warned Albertson to keep off the pavement as he might be injured.

Van Zandt said he did not see the man until it was too late to stop. He was not held by police but will appear at the inquest.

Father Cavanaugh Returning From Pacific Cruise

Father Cavanaugh will arrive in Redwood City from a trip to the Orient on Thursday next. He will remain here for several days before assuming his new charge at St. Leo's Church, Piedmont. Father Cavanaugh was accompanied on his trip by Martin Flynn, son of Assessor D. P. Flynn.

Att. Ross Expected Home Tomorrow

Hall C. Ross, the widely known attorney, will arrive tomorrow from his Mediterranean trip. Mr. Ross left early last January. From letters sent to friends in Redwood City during his voyage it is learned that he enjoyed a delightful journey on the placid waters of the Mediterranean, lined with beautiful cities and villages, whose people are happy and contented.

DONOHOE IS NAMED MAYOR AT ATHERTON

ATHERTON, April 19 — Joseph A. Donohoe, an early resident of Atherton, was named yesterday afternoon by the town council as mayor to succeed Matthew A. Harris, who has retired as a town trustee. Mr. Harris was unanimously elected to the honorory post of "mayor emeritus."

Mayor Donohoe, who is now retired, came to Atherton in 1868. He was formerly president of the Donohoe-Kelly Bank in San Francisco. The new mayor has been a member of the town council for six years. His home is on Middlefield road.

Mr. Harris, who has been a councilman ever since the incorporation of the community in 1924, was not a candidate for reelection this year because he is moving his residence outside of the town limits. He had served as mayor for the past six years, succeeding Councilman E. L. Eyre who was mayor for the first two years. During his term of office Mr. Harris was generally active in civic affairs of the town and county and also took a leading part in the activities of the mayors' and councilmen's association. For the past two years he has been a leader of the county employment committee.

Regret at his retirement was expressed by all of the members of the town administration. After conferring upon him the office of mayor emeritus, the council also elected him an honorary member of the police commission.

James B. Howell, who was elected to Mr. Harris' place on the board, was inducted into office. All of the appointees of the town were confirmed in office by the newly organized board.

NEW BELMONT LAW REGULATES MINORS AT RACING TRACK

BELMONT, Apr. 21.—Adoption of an ordinance regulating minors at the dog racing track here marked the meeting of the city council last night.

Many minors have been attending the meets, and buying options under the system of betting used at the track. Heretofore, the race track officials have had no jurisdiction over them, it was stated. The new law provides that minors must be accompanied by parents or guardians.

The council granted Mrs. A. C. Schmall a license to operate a dog kennel on the old county road, under the supervision of S. M. St. John, health officer.

Irvin Hansen was retained as chief of police.

MAN NEAR DEATH: AUTO DRIVER HELD

Ralph W. Howe, 55, 1040 Howard street, a San Francisco waiter, was being held in the county jail in Redwood City today on a reckless driving charge as the result of possible fatal injuries incurred by a companion in a crash on the Ocean Shore highway at Salada Beach late Wednesday.

The injured man is Fred Yollander, 1763 Eighth avenue, San Francisco, also a waiter, who is at the Park Emergency Hospital, San Francisco, in a critical condition.

Sheriff James J. McGrath and Constable S. A. Landini were informed that the car skidded on a turn in the road and one of the timbers speared Yollander, fracturing his skull.

Rival Schools May Sign Pact Of Peace

SAN MATEO, April 21.—Athletic relations between the San Mateo and Burlingame high schools were expected to be re-established tonight at a meeting of the school trustees. Differences between the two student bodies have been patched up and a code of ethics has been approved.

The two schools brought about a severance of athletic relations because of several egg battles in the business district between the student bodies.

The surface of the Dead Sea is lower than that of any known body of water.

INSECTS DOOM SHADE TREES OF PENINSULA

Efforts to save the shade trees of San Mateo county were urged today by Max J. Leonard, county agricultural commissioner, who said that all cypress and pine trees were doomed unless those infected are now destroyed.

Leonard said all pine and cypress trees on the Stanford campus were dying out.

Assistant District Attorney Richard O. Bell has been asked to report to the board of supervisors what legal steps should be taken to destroy the infected trees.

COMMITTEE TO GIVE OUT RELIEF WORK

County Unemployment Body, Supervisors In Agreement

Divorcing of jobs from politics was agreed to by the San Mateo County supervisors on Wednesday night when it was decided that all employment created by relief funds will be let by the San Mateo County Unemployment Committee.

The board of supervisors also agreed to find an additional $10,000 to add to the $4000 which it recently voted so that some 75 jobs will be created during the balance of the fiscal year, the months of May and June, from these two funds.

The $4000 will be spent in the San Mateo County Memorial Park in clearing brush, cutting trees, building trails and removing deadwood, and the men will be taken care of at a camp to be established by the county. Fire Warden Bert Werder will be in charge of the camp.

At $4 per day this work will give employment to 25 men daily at $100 per day, or 40 days for the $4000.

The $10,000 will be spent on road work and will provide employment for 50 men at $4.50 per day for 44 days.

All of this money will be used for unskilled help, and jobs will be rotated so that all unemployed men will get a share of it. Names will be furnished to the central employment bureau by the various local help agencies, and the jobs will be let to the most urgent cases first.

This work will be in addition to the regular work which the board members will do in their district. There is now about $75,000 left in all district funds for road work, and most of this will go to the skilled workers now in the various road crews.

The plans were worked out by a committee of the unemployment group, with William H. Eddy of Burlingame as chairman. Capt. Edward Macauley, chairman of unemployment relief, was present last night when the group met the board of supervisors.

Edward T. Harrison of Redwood City was a member of the committee, and John W. Poole was present as the supervisorial spokesman of this district. The group worked out the problem in a harmonious way behind closed doors.

AUDITOR HAS NEW PLAN FOR ROAD FINANCE

Distribution Would Be On Mileage Basis

County Auditor Edward M. Stack today advanced a plan whereby the $50,000 raised annually for maintenance of San Mateo county bonded highways would be more equally distributed on the basis of mileage rather than mere five-way distribution as in the past.

Under the plan, Supervisor John W. Poole of Redwood City and Chairman Manuel Francis of Half Moon Bay, who have most mileage of roads of any of the five districts, would get larger shares than at present.

Supervisors Rosalie M. Brown, San Mateo, and Thomas L. Hickey, South San Francisco, would get less, and no funds from this source would go to Dr. C. V. Thompson, Burlingame supervisor, who has no bonded highways in his district.

Chairman Francis, who would get an increase from $7000 to $14,000 by the plan, has announced that he would look with favor upon it. Dr. Thompson, although he would not get any funds, also will vote for it, he said. It was likewise thought that it would meet with Supervisor Poole's approval, but probably would be opposed by the other two supervisors who would take cuts in their present funds.

Auditor Stack's plan would give Hickey 12.1 per cent; Brown, 9.8 per cent; Poole, 29.2 per cent and Francis, 48.9 per cent. These percentages of last year's maintenance figure of $29,753 would amount to the following sums: Hickey, $3600; Brown, $2950; Poole, $8687, and Francis, $15,549.

Poole would gain $2737, and Francis, $9599 under the plan over the old way of dividing the total sum into fifths.

Will of the Late H. Monsees Now on File

Jerome F. Macdonald, the promising young attorney of Redwood City, on yesterday filed the last will and testament of Henry Monsees in the office of County Clerk E. B. Hinman. The document is a joint will made by the deceased and his wife who passed away three months ago. The couple had been married 57 years, inseparable always until the Grim Reaper parted them. The old man, 83, could not survive without the companion of his youth and on April departed to meet her in that land beyond.

The couple had resided in San Francisco nearly all their lives. They came to Redwood City about ten years ago.

Edgar C. Monsees, a son, is the executor of the will. The estate is valued at $8000.

Fourteen cups and 600 ribbons are awaiting the word of the judges for the winners of the various pet and hobby classes. In addition, there will be other special prizes.

Abolition Of Road Tax For Outside Territory Favored

Abolishment of the 40-cent road tax charged to districts outside San Mateo county cities will be advocated by Dr. C. V. Thompson, Burlingame supervisor, when the budget is in the making this summer, he said in Redwood City Tuesday.

This action will be urged by Dr. Thompson on the ground that the tax is unnecessary, as the gasoline taxes and highway maintenance taxes (4 cents 7 mills per $100) should be sufficient to build new roads and care for older ones.

In support of this stand, he cited that some of the supervisors were not using their 40-cent road funds and would probably have substantial balances at the end of the fiscal year.

One example is that of Supervisor Rosalie M. Brown, San Mateo, who has spent but $3,279.78 of her balance of $7,378,69 from last year's fund, and none of the $8,814.44 raised from this year's 40-cent tax in her district. She has a balance in this fund of $13,513.10.

Other supervisors' expenditures and balances to April 1, according to figures on file with County Auditor Edward M. Stack, are:

Hickey—$8,868,60 spent, $14,439.42 balance; Poole—$9,390.69 spent, $20,659.37 balance; Francis—$8,595.47 spent, $2,549.48 balance; Thompson, $3,817.76 spent, $50.74 balance.

The 40-cent tax raised $85,164.41 this year, and $51,212.11 was spent to April 1, Stack reports. There is a balance equal to this 40-cent road tax balance of $53,837.34 in the highway maintenance and gasoline tax funds.

Legislation designed to increase the gasoline tax from 3 to 3½ or 4 cents per gallon is being drafted in Sacramento and will be suggested by Senator W. E. Harper of San Diego in the next legislature.

Senator Harper's plan is to abolish the 40-cent road tax, as well.

ANTI-HANDBILL LAW ADOPTED BY BOARD

Measure Passed Over Protest Of S. F. Shopping News

On the ground that it would mean a loss of thousands of dollars to San Francisco merchants, Attorney George F. Snyder of San Francisco pleaded last Monday before the city council to permit distribution locally of the "San Francisco Shopping News," an advertising medium of a small group of large metropolitan stores.

But when Councilman Henry Beeger asked if there were any benefits for "local merchants" and received the reply: "I won't say it does them any good, but I will say it is fair competition," the council voted to adopt the anti-handbill ordinance and thereby barred the distribution of the shopping medium except through the mails.

Attorney Snyder approved of the council's attempts to stop the littering up of private homes, business houses and automobiles by the throwing about of handbills and other advertising media, saying: "I know this indiscriminate tossing of loose papers is terrible." He defended the shopping paper, however, saying it was folded compactly and could not be carried about by the winds.

City Attorney Albert Mansfield said that the council ordered the ordinance drawn at the request of several improvement clubs and several hundred individuals; that it was referred to the local retailers and was given much publicity, yet the council did not receive a single protest.

On motion of Councilman Beeger, seconded by Councilman Charles Lambert, the ordinance was adopted by unanimous vote. It fixes a $300 fine or 90-day term or both, as the maximum penalties.

Nicholas T. Kosta Will Put On File

The will of Nicholas T. Kosta, who died in Colma December 11, 1931, was filed for probate in the superior court in Redwood City today by his step-daughter, Edith C. Nolan, who is left the entire $5000 estate.

Kincaid & Fitzpatrick of Redwood City is the law firm representing the petitioner.

NEW RESERVOIR

(Continued from Page One)

purchase of water from the Spring Valley-San Francisco system, a considerable economy can be effected in operating costs by having the enlarged storage capacity This will enable the city to get through warm spells which usually do not exceed three consecutive days with the minimum purchase of water. All water purchased costs 29 cents per 1000 gallons, while the local supply costs about 7 cents delivered at the reservoir, aside from capital expenditures for storage and distribution, and overhead of the water department. Thus there is a saving of 22 cents on each 1000 gallons which we will not be required to purchase each summer after construction of the proposed reservoir. Last year Redwood City purchased 16,582,000 gallons, this being a decrease of 46,500,000 gallons below the purchase of 1930 due to greater development of the local supply. Upon the completon of the new reservoir, purchase of water will become almost wholly unnecessary, and in excess of $3000 a year will be saved.

"The substantial annual profits from the water department have been used for extensions and permanent improvements to the system. A reduction of water rates would impair such capital expenditures unless they are provided from another source. When Hetch Hetchy water is available, if it can be purchased at substantially less than San Francisco's present wholesale rate, favorable consideration will be given to its use instead of or supplemental to the local supply. Until then a permanently lower rate cannot be assured, and it is the judgment of the council that a reduction of rates now would be premature and perhaps disappointingly temporary in its nature."

PAUL A. McCARTHY.

RESIDENCE BURNS AT EMERALD LAKE

Fire destroyed the summer residence of John Taramaschi on Upland drive, off Oak Knoll drive and outside of the city limits, with a loss estimated at $6500, Tuesday afternoon.

The building, which had been moved recently to, a new location on the same property, was undergoing repairs and carpenters working on the outside discovered the interior to be a mass of flames.

The county fire truck of Warden B. L. Werder and Truck No 2 from the Jefferson avenue station of the Redwood City Fire Department responded to a call from E. J. Machabee, deputy fire warden at Emerald Lake, but the blaze was beyond control.

Tamaraschi, whose San Francisco address is 1034 Filbert street, had used the place as a weekend cottage since he purchased it from the Ernest van Booth estate two years ago. He had moved it to a new foundation preparatory to making it a permanent residence, and considerable equipment which had been stored there was lost.

Defective electrical wiring, possibly disturbed in the moving process, is believed to have caused the fire. Wind hampered the efforts of firemen, and no furnishings were saved because stairs to the entrances had not yet been constructed.

Wake Up Your Liver Bile —Without Calomel

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at all stores. © 1931, C. M. Co.

McNAB REVIEWS HEROIC ACTS OF PRESIDENT HOOVER

The splendid radio address of John L. McNab Tuesday evening was a masterpiece and a neat tribute to President Herbert Hoover, the great leader of the Republican party. Among other things he said:

"Early in 1931, the president became convinced that Germany and other European countries were on the crumbling brink of impending bankruptcy. Austria's finances had crumpled like an egg shell; she had become nothing but a financial derelict, drifting on the world sea of credit. Not only had she nothing with which to pay—she had no money to buy bread. Germany commenced first to falter and then to totter toward financial ruin. Germany after the war repudiated her debts to her own people by offering payment in the worthless mark. To rid herself of internal debts, she borrowed huge sums from foreign countries on short-term loans, and expended vast amounts in extending her industrial plants in an effort to recapture the trade of the world. For a year her campaign succeeded; then her commerce failed her; her markets disappeared; her income ceased; and her notes to the outside world fell due. Her bankers and investors became panic stricken; they fled the mark and hurried their gold out of the country to escape ruin in the coming crash. Germany stood like Sampson, shorn of his locks and robbed of his strength. Her debts were due and she had neither credit nor money with which to pay; she had lost even the power to borrow. Every business man in the United States knows that had Germany gone into the pit of ruin, American trade would have suffered a blow which would have been felt by every industry in our country.

"It was not the problem of Germany and Austria that confronted the president; it was the plight of our own United States.

What was to be done? Congress alone had the power, but Congress was not in session.

"The president hesitated not an instant. He called every available leader of both political parties to the White House. Under an unexampled bond of secrecy and honor, observed by all, he first convinced these senators and congressmen, and then obtained their approval of his plan. Then by long-distance telephone he consulted the Congress of the United States; he convinced a majority of the American Congress by calling the members at their homes in every part of the country. It was unsurpassed in leadership, initiative and courage. Strange as it may now seem, President Hoover believed the moratorium would be an unpopular act. Always opposed to the cancellation of foreign debts, if for no other reason than that those debts prevented foreign countries from gorging themselves on armaments or preparing for another war. The president believed the public would think it a step in that direction. He felt that it meant his political suicide. But he took the step with high courage and with no thought of himself or his own political future.

"On the night he left for the Rapidan the announcement was to be made to the public. No whisper of its coming had reached the outside world. The pledge of silence had been honorably kept by political friend and foe, as well as by the press of the country. He firmly believed that he would return from the Rapidan on Monday to meet a storm of public criticism and protest. He was amazed to find what with courage he had done to save America was hailed as a masterpiece of statesmanship. If it be not initiative to thus, for the first time in our history, win the support of an opposing Congress, what constitutes initiative? If this be not leadership, what is leadership?

"From the day the clouds of financial darkness lowered over the world, the one leader who never lost his head or his balance has been the President of the United States. When others merely called for action, he acted."

COUNTY CLERK IS EVER ALERT TO EFFECT NEW TAX SAVINGS

Always alert to the chance of saving as many tax dollars as possible, County Clerk Elmore B. Hinman has devised a simpler index to registered voters for the coming May 3 presidential primary over previous ones so that a 20 per cent lower cost is made possible. This will mean a total saving of $3,000 at least for the three elections this year.

Six months ago he stopped a bad drain on the treasury when he detected a leakage of from $5,000 to $10,000 a year in jury fees which should have been paid by private litigants instead of the county.

We like the business-like way in which Mr. Hinman insists on running his office.

$1700 THEFT NETS ROBBER ONLY $170

ATHERTON, April 19 — Jim Low's $1700 theft of jewelry from the home of H. X. Baxter, his employer, on Fair Oaks lane netted him only $170. And he lost that.

That was revealed last night when the 25-year-old former Chinese houseboy was arraigned before City Judge G. Elmer Jennings here on a grand theft charge.

Low was able to secure only $170 when he pawned his loot in a San Francisco Chinese pawn shop, according to Police Chief J. E. Farrell. He took the cash and lost it all gaming at an Emeryville gambling house. The Chinese was arrested in San Francisco Saturday night and has confessed the theft of the jewelry.

Winged Webfoot of Former Day Starved From Local Sloughs

PENINSULA WILD DUCKS
By Claude Fox

Long before I sneaked up along the mudflats bordering the Sweeney ranch and killed my first spoonbill, the bay and marshes were fairly alive with that royal bird, the canvasback, and his cousin, the greater scoup, or bluebill, and for years afterwards this condition existed, but now they have practically left this locality.

To be sure the duck hunting boys today kill a few of these birds every winter, but the great masses that were present each season in the years that have passed have moved on. The readers of these articles naturally ask me why and I have but one answer for them, and that is lack of food.

Many times I have listened to the tales of some of the old market hunters of the early days, stories which I know from my subsequent experience ring with the truth, concerning the great rafts of canvasback that were to be found in the Belmont and Smith's creeks and the Elbow slough, three of the largest waterways of the marshland and which were the favorite feeding grounds of the webfoots.

There was Jim Payne, whom I only met but once, Pete Peterson, Louis Werder, Charles Peterson, little Mon Sam, or China Charley, as he was called, Lon Cook, Walter R. Welch, Chase Littlejohn and his brother, "Plug," who was lost on a sealer bound for Alaska.

All of these men lived at the time when the "cans" were here in great numbers, but there are but two of them left who have witnessed the gradual passing away of the two species I have mentioned.

Upon two occasions during my duck hunting career it has been my good fortune to witness the migratory flight of the canvasback on their way southward in the latter part of November and I wish to assure the duck hunting boys of today that it was a sight to thrill the heart of any one who loves to hunt and one which I shall never forget.

It is not so many years ago that George Genochio, Johnny Connelly of San Francisco and myself secured seventy-five of these fine birds shooting over decoys in the Elbow slough, just east of Henry Beeger's cabin; and Carl Maybie, our postmaster, until he turned over his duck hunting activities to his boys, secured some nice bags in the same locality.

Now a great many wild duck hunters and others who do not participate in this grand sport are of the opinion that it is necessary to locate a bed of wild celery in order to secure a bag of these birds. It is quite true that the "cans" are very partial to such food, but do not be led astray in the belief that the canvasback eats nothing else. Far from it. I do not wish you to hold up your hands in horror and declare that you will never eat another of these birds when I tell you that they have been known to congregate along and under the wharfs at Butchertown in San Francisco and partake of the off-hall from the slaughter houses in that locality. Should you secure a pair or more just secure a few heads of celery, mince it, use it for stuffing the birds or place the celery in them in slices before roasting, then forget what I have written and when your ducks are done they will possess an excellent flavor fit for a king.

Another food to the "cans" liking is widgeon grass, a plant growing in fresh or brackish water which is also a sure drawing card for sprig or widgeon.

But the great attraction for canvasback and bluebill in the bay and marshes of the peninsula was clams and young oysters. Until the great oil burning steamers began to pump out their bilge water and refuse oil into the waters of the bay every creek in the marshes was teeming with clams and millions of young oysters brought by the Morgan Oyster Company from the Atlantic coast, covered the beds of that company along the shores of the bay. The canvasbacks did most of their feeding on the clam necks in the creeks while the bluebills feasted on the young oysters which had been imported here to supply the San Francisco market.

The refuse oil drifted down the bay and into the various creeks and was deposited on the flats where oysters and clams were so plentiful with the result that the bivalves all or nearly all died and thus these fine specimens of the wild duck family were deprived of their foods and they departed as other species have also done.

The business of the Morgan Oyster Company was ruined and clams which had been practically a drug on the market were almost exterminated. Measures were taken by the fish and game commission to prevent the polution of the bay waters, which to a certain extent have been successful and I am pleased to state that the clams are again gaining a foothold and may become plentiful, but I do not believe I shall live long enough to ever see the duck hunting boys of today coming proudly home, as I have done in the past, with the limit of that noble old webfoot, the canvasback.

A policy of expansion adopted

The family finances, if economically managed, soon become firmly entrenched behind a substantial cash reserve.

Then it is wise to pursue a policy of "expansion" by buying at present low prices the things you have long been saving for.

Please stay for dinner

...no bother at all with my electric range

The unexpected friend or relative can be whole-heartedly invited to stay for dinner when you cook with electricity.

An electric range is like having a servant in your home. It never fails you. It cooks food perfectly and automatically while you entertain. When meal time arrives, you take the food from the oven, hot, and deliciously done. You are the perfect hostess. Your range, the perfect servant.

The modern electric range is speedy. Its oven heats up to 400 degrees in 9 to 11 minutes—as fast as you can mix the breakfast biscuits. New surface cooking elements are fast, too. They cook perfectly without burning or evaporating frying grease to settle on your walls. Your kitchen stays clean.

Then, too, cooking with electricity is economical. Our records show that it averages 1 cent a meal per person.

The cost of the electric range itself is no more than that of any other good range. A small down payment will place the range of your choice in your kitchen, ready to use. Come into our office and see the beautiful new electric ranges. Investigate our Special Offer which includes easy terms.

OAKLAND HANDICAP SATURDAY SCHEDULE

The Oakland Handicap, the third stake race of the spring meeting, will be offered tomorrow (Saturday) at Tanforan by the Pacific Coast Breeders Association. Three-year-olds will compete in this feature over a mile and an eighth course for a purse of $2000 added. Arrangements have been made by the association for handling a crowd this week-end equally as large as that which gathered last Saturday, when 27,000 patrons were officially counted at the gates.

Entries in this race include some of the best horses at the track, but Norman W. Church's Gallant Sir, who went through the Bay Area Handicap last Saturday at a record clip, will not be among them. Gallant Sir has been loaded aboard an express car and is now enroute to Louisville, where he will compete in the Kentucky Derby. His trip East was decided upon after his brilliant performance of last week.

A special feature at the track during the week was the Hotel Greeters' Association Handicap on Tuesday with Miss Pauline Hace acting as queen of Hotel Greeters' Day, and greeting, herself, the winner of the main event. One of the surprises of the week was the showing of Border Warrant, Ireland's hope in the Kentucky Derby. The horse ran Monday in the feature, got off to a bad start and never caught up. This was the mount's first race in the United States.

Special facilities for handling of the record week-end crowds at Tanforan have been provided and last week, even with the greatest crowd since the revival of racing in San Bruno, there was no confusion in the moving of traffic. The California State Highway Patrol is co-operating in this regard.

In addition to the feature the program at Tanforan includes seven other races daily. Heated contests and close finishes have been leading attractions every day. Many of the entries have won themselves new glory for their performances during the spring meeting.

Bill Werder, Card Jumper Is Injured

Bill Werder, former Sequoia high school athlete, pulled a muscle at the Stanford broad jumping pit Wednesday, and may be lost to the Cards for the meet with the University of Southern California team on April 30. Werder won the broad in the "Big Meet" and is Stanford's principal hope for points in the Trojan meet.

Jack Brugman, hurdler, is also in doubtful shape for the Trojans. Brugman suffered a leg injury in the Bear meet.

Sequoia 110s Win Over Ravenswood, 5-3

Backing up the steady pitching of Rondon, the Sequoia 110-pound baseball team won a seven-inning contest from the Ravenswood School nine of Palo Alto at Redwood City Wednesday afternoon, 5 to 3.

Martin, Sequoia first baseman came through wtih two doubles. Ayers, center fielder, turned in a perfect batting average with two hits on two trips to the plate.

The batteries: Sequoia—Rodon and Love; Ravenswood — Simons and Sanders.

Sequoia 130s Win From South City

Coach A. Terremere's Sequoia 130-pound baseball team went into first place in the Peninsula Athletic League standing Wednesday by defeating the South San Francisco lightweights by a score of 5 to 1 in seven innings at South City.

Bud Swanson turned in a flashy exhibition on the mound for Sequoia in spite of the wind and had a two-hit shut-out to his credit up to the seventh inning, when an outfield error and a hit gave South San Francisco one run. Swanson fanned 11 batters.

The Cherokees piled up an early lead through the hitting of Pommes, Garbarino, Swanson and Roche.

Sequoia has been defeated but once, in a 2-1 game with Palo Alto. By winning the remaining games of the second round with San Jose and Palo Alto, the Cherokees can clinch a tie for first place and possibly the championship.

Sequoia's batting order yesterday: Pommes, cf; Farrell, 2b; Garbarino, 3b; Swanson, p; Roche, lf; Tonich, rf; Hunt, ss; Coe, c; Dingle, 1b.

Menlo Park

Mayor W. H. Weeden was chosen chairman of the city council at a special meeting called for Monday night last. The genial mayor was inducted into office with appropriate ceremony. In front of him at the council table stood a huge vase of flowers, presented by friends and admirers. A portion of the bouquet came from the gardens of W. H. Crocker of Burlingame. Mr. Weeden thanked the people and the council for the honors bestowed upon him. He hoped the petty grievances, incident to the campaign, would be forgotten and all would work as a unit for the betterment of Menlo Park.

Edward Hart, the new councilman, after taking the oath, thanked the good people of the community for their support and pledged his best efforts for the city government. He holds no animosities against anyone and will work for the benefit of all.

Mrs. Fannie I. Kurtz, city clerk, and treasurer, J. W. Ryan, both made appropriate addresses in assuming office.

After the canvas of the election returns the above named were duly declared elected.

The resignation of City Judge Hoss was read and accepted with the regrets of the council.

Mayor Weeden paid a neat tribute to the worth and capabilty of the retiring jurist. Mr. Hoss came before the council, making a very notable address. After reviewing his experience on the bench he declared that all first offenders should be given consideration for in 99 times out of 100 if treated properly they will make useful citizens. He urged his successor to use his heart as well as his head in dealing with criminals.

George A. Montell, a retired furniture dealer of Palo Alto residing at Stanford Park, was appointed city judge by the unanimous vote of the council. Montell made a very appropriate speech in acknowledging the honor conferred.

Mayor Weeden appointed the following commissioners to serve for two years, Anderson, streets, sidewalks and parks; Hart, health and safety; Crane, fire and police; Weeden, Dale and Anderson, finance.

The council adjourned until April 26th.

The old Maloney corner on the highway has been rented to a florist. Potted plants and cut flowers are to be sold at a bargain.

In St. Agnes' Church, San Francisco, last Monday the last rites were held for Mrs. Ann Schaffer, a long time resident of the city. The deceased was a sister of Mark A. McCann, the real estate broker of Atherton.

James Walsh, for 40 years the manager of the vast estates of James L. Flood, passed away in San Rafael this week. He was widely known in Menlo Park, having often visited the Flood home here, spending days at the time. He was a genial gentleman with a pleasing and delightful personality that made him innumerable friends.

Joseph A. Donohoe has opened his home in Menlo Park after spending the winter months in San Francisco. At a meeting of the Atherton city council last Monday afternoon Mr. Donohoe was chosen mayor to serve for two years. Mr. Donohoe has been a member of the council for many years, during which period he has shown fitness and ability for civic work. Mr. Donohoe's family came to this community in the latter sixties, the members of which have always taken a lively interest in the welfare of the locality. Mr. Donohoe resided the greater portion of his life in this district. He well deserves the honor that has been bestowed upon him.

The Boy Scouts will sponsor a card party in the auditorium of the grammar school on May 31. A large number of prizes are being contributed by friends of the organization. Admission will be charged.

They Speyers have taken the Clancy home on Valparaiso avenue for three months beginning June first. Mr. Speyer is a wealthy manufacturer of San Francisco who has spent his summers on the peninsula for many years.

Some miscreant entered the home of Mrs. Eugene Crane this week, removing nearly all the garden tools, valued at $50. The police department is working on a clue that may land the culprit in prison.

On Monday evening, May 2, the Native Sons and Native Daughters of Menlo Park will give a card party in the grammar school auditorium for the benefit of the unemployed. Contribution of prizes are solicited for the worthy cause. The more prizes offered the larger will be the attendance, so be liberal in your contributions.

The observance of Public School Week in Menlo Park will occur on Monday evening, April 25, and will be held in the Central Grammar School, on the highway. The program will begin at 7:45 o'clock.

"Night Song," orchestra.

"Why Physical Education in the Schools," Miss Mildred Brown, Sequoia Union High School.

"Spring Time Waltz," orchestra.

The general public is cordially invited to attend. Admission is free. Come and bring the family with you.

Edward Derry, the wealthy wood and coal merchant of Menlo Park, is radiant these days with a broad smile that betokens happiness and contentment. The cause for this is the birth of a son, the first born, in San Francisco recently. Mother and son are doing nicely.

After the 10:30 o'clock mass on Sunday morning, Archbishop Mitty will administer the sacrament of confirmation to a large class in the Church of the Nativity. The bishop was recently made a co-adjuter archbishop to His Grace, E. J. Hanna. As Bishop Mitty is only 47 years old he will some day be in charge of the diocese. When the members of this class become men and women they will recall the happy event of next Sunday and perhaps Archbishop Mitty will never forget the day he first administered the sacrament of confirmation in Menlo Park.

SEQUOIA PLAYERS PRESENT 'BREED'

By STAFF REVIEWER

Of unusual merit was the work of a Sequoa Players' cast in the production of "Breed," a two-act North Carolina mountaineer play by William Fox, in the high school auditorium Wednesday afternoon.

Membership in the Sequoia Players is restricted to those having considerable experience in high school dramatics, and the cast of "Breed" offered a smooth performance.

The play itself, written by a university student whose parents were killed in a clan disturbance, is comparable to "Sun Up," the Kentucky folk play.

Hugo Endrigo, as the head of the clan, was the dominant character on the stage. Dorothy Hunt demonstrated a convincing change of emotion in converting affection into intense hatred. Henry Kalteren was the betrayor and Milton Abbott the man who shot him down. Others in the cast were Louis Farasyn as the sheriff, and Gilbert Sims and Elise Werthman. Florence Barrett was student director, assisted by C. A. van Patten.

The stage setting that of the interior of a mountain cabin, was the work of J. Edwin Spence and the stagecraft class.

The entire performance was worthy of repetition.

Jim Low's $1700 theft of jewelry from the home of H. X. Baxter, his employer, on Fair Oaks lane netted him only $170. And he lost that.

That was revealed last night when the 25-year-old former Chinese houseboy was arraigned before City Judge G. Elmer Jennings here on a grand theft charge.

Low was able to secure only $170 when he pawned his loot in a San Francisco Chinese pawn shop, according to Police Chief J. E. Farrell. He took the cash and lost it all gaming at an Emeryville gambling house. The Chinese was arrested in San Francisco Saturday night and has confessed the theft of the jewelry.

BOOKS WERE OPEN, VIRDEN CO. SAYS

Directors Deny That Stockholder Had No Access To Them

Disputing the claims of Ed Pedretti, Point Arena stockholder, that he had been denied access to the books of the Virden Packing Company, directors of the firm today declared that he was "invited" to inspect the books in a letter written him April 8.

Pedretti has on file with the superior court a petition for a writ of mandate to have the company compelled to turn over the books to him for inspection. Judge George H. Buck overruled the firm's demurrer to the petition and the firm today filed its answer.

It declares that Pedretti not acting in good faith and for the best interests of the company, but that he is a member of a minority group of stockholders who are bringing the firm into litigation in order to "harass and annoy" the board of directors because they have refused to purchase the minority stock at excessive prices.

The answer quotes a letter written to Pedretti on April 8 in which he is asked to appear before the directors in South San Francisco to make his request that the books be turned over to him. It is signed by Miss Tess O'Leary, secretary, who was released on April 16 at a reorganization meeting of the directors.

Pedretti neither answered the letter nor appeared, the answer states.

James, Brann & Rowe of San Francisco is the law firm representing the defendant company.

ANNUAL DINNER OF FREEHOLDERS IS GIVEN HERE

The annual dinner of the former freeholders who drafted Redwood City's charter was held in the Fox Shoppe Wednesday. Mark Ryan, who was chairman of the freeholders, was toastmaster. Informal talks were given by Charles G. Lambert, Paul A. McCarthy George W. McNulty, Mrs. A. S Kalenborn and City Manager E. A Rolison. About 20 persons were present. A. S. Liguori made arrangements for the dinner.

The 1930 census enumerates 97,456 Japanese in California.

VIRDEN ESTATE VALUE NOT YET KNOWN, REPORT

"Perhaps there will be no estate; perhaps there will be considerable."

Attorney A. A. Rosenshine said this today concerning the estate of the late Charles E. Virden of South San Francisco, president of the Virden Packing Co., now in the center of litigation in the superior court in Redwood City.

Leters of administration were asked yesterday in San Francisco by his stepson, August W. Virden. The petitioner declared he was acting at the request of his mother, Mrs. Grace L. Virden, the widow.

Mrs. Virden and a son, Dr. Charles E. Virden Jr., of Kansas City, were listed as the sole heirs-at-law.

No estimate could be made on the value of the estate because of the litigation in which it is deeply involved.

COOPERATE WITH BANK OF AMERICA'S MOVEMENT FOR STATEWIDE PROSPERITY

Visitors to California say we are the "Whitest Spot" of the nation . . . Why not make California 100% white *right now* and set an example to the whole country? . . The 208,000 California owners, executives and employes of Bank of America have pledged themselves to work energetically toward this end . . . If every thinking Californian will enlist his surplus or inactive dollars in this statewide community effort, *a sound prosperity is assured* . . . Only ACTIVE money turns the wheels of industry—releases credit through banks—provides funds for manufacturing, business, agriculture and general construction purposes — *and puts men to work* . . . Open a California Prosperity Account with this institution—or with any other bank. Add substantially to your present account. Start buying the things you need. Build that new home. Keep your dollars *active!* . . Let's make California a 100% "white spot" by a return to normal thought and action . . . Let's get back our courage, our confidence and a sound prosperity through good old fashioned common sense.
